

**ADDENDUM NO.: 2**

**Description:** Furnish, Deliver, and Install Theatrical Lighting, Audio and Controls

**Project:** Lehman College BlackBox Studio

**RFQ Due Date:** 11/15/2024 at 2:30 PM

**Specifics of the Addendum:** The purpose of Addendum #1 is to provide responses to RFIs and to revise quantities included in Attachment A: Bid Breakdown & Schedule; and to provide drawings.

**Location:** Lehman College, 2923 Paul Ave., Bronx, NY 10468

**Contact:** Kevin Towle, Procurement Administrator, DASNY, 515 Broadway, Albany, NY 12207, (518) 257-3209, [ktowle@dasny.org](mailto:ktowle@dasny.org)

Q#	Question	Response
1	Can you please advise if this bid is PLA?	Please refer to Sect. 13.0 of the Information for Bidders.
2	In reviewing this proposal, I have not been able locate any electrical or any other plans. Please advise if there are any plans for this project?	Existing plans are approximately 50 years old, but largely reflect current detail. Drawings are available at: <a href="https://shorturl.at/e7zl9">https://shorturl.at/e7zl9</a> . Awarded Bidder will be required to provide as-built plans.
3	<p>Please clarify the scope of installation, specifically for the following items:</p> <ul style="list-style-type: none"> <li>• ETC – ECPB Net</li> <li>• ETC – SR3AF-48 w/ door</li> <li>• ETC – SR3AF-24 w/ door</li> <li>• ETC - SNB-8</li> <li>• ETC - E1004-4</li> </ul> <p>The SR3AF dimmer rack require line voltage work by a licensed electrician. Is it the intent of this bid to include electrical labor to install feeders and wire branch circuits for these racks? If so, please provide a detailed drawing of the upstream</p>	<p>Please see below for a list of items to be installed. Please see <a href="https://shorturl.at/e7zl9">https://shorturl.at/e7zl9</a> for drawings.</p>

	switchgear feeding each rack and the location of the branch circuits.  The ECPB, SNB and E1004-4 require low voltage wiring. Please provide the location of each item.	
4	[P]lease let me know where I can download the specs and drawings for this project as they are not included in the project overview on the DASNY website.	Specifications are available on the DASNY website. Please follow this link: <a href="https://www.dasny.org/opportunities/rfps-bids/2024/lehman-college-theatrical-lighting-audio-and-controls">https://www.dasny.org/opportunities/rfps-bids/2024/lehman-college-theatrical-lighting-audio-and-controls</a>  From here, click the drop down arrow next to "Attachments." Select "IFB Attachments." Specifications for all products are in this document.
6	Please provide more detail for the "SLIDE POT SMALL"	10k Ohms, 20% +/- tolerance, travel range 45mm, standard fader type.
7	Please specify length of all "5 Pin DMX", assuming that is a DMX cable.	(10) 5 ft.; (10) 10 ft.; (25) 25-foot; (10) 50 ft.; (5) 100 ft.
8	Please specify a number of C-Clamps and Safety Cables and if they should be priced separately or as part of each line item theatrical fixture	Not required.
9	Please specify a power supply for the E1004-4	EchoConnect Power Supply
10	Please expand on "Install four data distribution boxes on catwalk, one per "4 way". What material in the bid list is this meant to cover? What is the design intent?	<ul style="list-style-type: none"> <li>- 16-port Simple Network Box with PoE</li> <li>- ECPB; NET Plug-in station (1 gang)</li> <li>- 50' net cable Proplex with Ethercon</li> <li>- ETC 1-gang, 2.5" deep back box, surface mount</li> </ul>
11	Please specify connector types for all fixtures?	Edison
12	Martin and High End Systems fixtures do not include connectors. Should those be included in the line item for each fixture.	Connectors to be included.
13	We understand the electrical work requested in lines 58 – 61 must be performed by Union Local 3 labor licensed in New York City. Please Confirm.	Bid <b><i>MUST</i></b> be complete and include all items to be furnished as well as installation. See below list of items to be installed.
14	We would like to bid JUST THE EQUIPMENT AS A "FURNISH & DELIVER" ONLY BOX SALE. Please	Bid <b><i>MUST</i></b> be complete and include all items to be furnished as well as installation. See below list of items to be installed.

	Confirm we are able to a “Furnish ONLY bid”.	
15	May Bidders provide substitutes for the listed products?	Substitutions are not permitted.
16	We identified (3) lighting consoles. Is this correct?	No. The product list included in the bid documents has been revised below. There are a total of two (2) lighting consoles: one (1) ETC Ion XE and one (1) ETC Colorsource Console.
17	There are (60) lens tubes listed but not the corresponding amount of “light” engines. Only (33) are listed. Please clarify	IFB quantities are correct. The College switches out tubes when needed.
18	C20 modules are listed. These are the “constant” type. Are these correct and needed?	Yes. These are for network placements.
19	R20AF modules are listed. These are for LED. Are these correct and needed?	Yes. These are needed because of instruments that are intelligent fixtures.
20	What are the D20 modules controlling?	Conventional lighting in the house.
21	Are you requesting two (2) or three (3) sensor hoods?	Two (2) for the two (2) racks.
22	What are the specific model numbers for the Apple iPads?	MUWC3LL/A, SKU 6533556
23	Item <b>SNB-8</b> - The total network runs exceed the specified SNB-8. This should be P/N SNB-16, 16 Port Network Box. Please advise.	This should be a 16-port network box.
24	<b>1. Install four data distribution</b> - The description implies 4x 2-Port Gateways. Are they existing or should I add to quote? <b>boxes on catwalk, one per "4 way" corner, two universes per box using 3/4" EMT</b>	These do not exist currently. Bidder shall provide and install the 4x2 port gateways as specified in the IFB.
25	Some of the floor pockets have carpeting taped to the top of them. Are they to be reworked?	Bidder shall change out six (6) floor pockets as specified in the IFB.
26	In the list of materials, there are qty. 10 Shure receivers but 6 transmitters. Please confirm that this is correct.	This is incorrect. See below for revised, correct quantities.
27	The Quantity of SR3-48 and SR3-24 Enclosures does not match the CEM3 power control processor and total Sensor3 module count. (2)	Only one (1) SR3-48 48-module rack is required.

	SR3-48 + (1) SR3-24 requires (3) CEM3 and (120) dimmer/relay/air flow modules. Only (2) CEM3 and (72) total modules are listed? Please clarify what is required?	
28	During what hours is work permitted?	7 am – 3pm
29	Please indicate who is responsible for demolition and disposal of any existing dimmer racks, equipment racks and theatrical fixtures.	The College is responsible for demolition and disposal of any existing dimmer racks, equipment racks, and theatrical fixtures.
